RE: A210/13EYK – 6 Smithfield Drive

Dear Chair and Committee Members:

I have reviewed the Hearing Notice and variances being sought for the above noted application, which is before your committee on Thursday, May 23rd.

I respectfully request that the Committee defer this application Sine Die (as is recommended by Planning Staff) to allow further review of the application and that revisions are in line with the Zoning Code. I am also aware that adjacent commercial businesses have written to oppose this application. Their concerns regarding the detrimental consequences that this approval would have to the adjacent businesses should also be addressed.

Respectfully submitted,

Peter Milczyn, Councillor
Ward 5, Etobicoke-Lakeshore
