ISSUE BACKGROUND

Transportation Services, North York District, was requested by a resident on Roselawn Avenue, to remove the on-street accessible parking space adjacent to 298 and 302 Roselawn Avenue.

The accessible parking space was originally approved for the resident of 294 Roselawn Avenue. The location of the disabled person's parking space was proposed in front of 298 and 302 Roselwan Avenue after getting resident's approval.

COMMENTS

Roselawn Avenue is classified as a local residential road with a pavement width of approximately 8.5 metres. There are municipal sidewalks on both sides of the roadway.

Currently, parking is prohibited at any time on the south side of Roselawn Avenue between Avenue Road and Oriole Parkway. Parking is also prohibited on the north side of the roadway between 12:01 a.m. and 10:00 a.m. except by permit. Three-hour parking is permitted at all other times of the day on the north side of the roadway.

It has been brought to our attention that the accessible parking space, which is provided in front of 298 and 302 Roselawn Avenue is no longer required. The individual for whom the space was initially created has moved and the new owner does not require the parking space. Our observations have confirmed that the on street accessible parking space is no longer being used.

As such, this Division recommends that the on-street accessible parking space in front of 298 and 302 Roselawn Avenue be removed.

The Ward Councillor has been advised of the recommendations contained in the report.
