Dear Members of North York Community Council:

Stanley Knowles Housing Co-operative supports the report and recommendations of the City Planning Division's Yonge, Duplex, Helendale and Orchard View Block Study. We appreciated the implementation of a comprehensive review of this nature to consider the issues involved in future planning and development in this block. The process allowed opportunities for all stakeholders to provide input, ideas and suggestions on how planning should unfold in this block.

In addition to the recommendations in the Status Report, we request another be added: that a committee be struck including Planning personnel, the Councillor, community representatives and the developers of the Rockport, Pemberton and Knightstone projects to work out a locally designed agreement on how these developments should proceed.

Ann King

Chair, Community Liaison Committee
