Dear Members of North York Community Council:

RE: Item: NY26.53 - Status Report – Yonge, Duplex, Helendale and Orchard View Block Study

The Stanley Knowles Housing Co-operative is a not-for-profit co-operative with a mandate to provide affordable housing to seniors and people with mobility issues. We are located at 38 Orchard View Blvd, atop the Northern District Library, within the parameters of the Block Study. As the only citizens currently in residence in this block, we have taken a keen interest and actively participated in the Block Study process. We applaud the work of the Planning Department and Councillor Stintz for undertaking such a comprehensive study of vital importance to the community.

We support the recommendations contained in the Status Report originally published on May 31, 2013. We urge the North York Community to accept the recommendations of the Block Study Report and approve a process for the purpose of drafting Area Specific Official Plan policy and Urban Design Guidelines for this block.

Stanley Knowles looks forward to continuing its active participation and consultation in this process of addressing the issues inherent in creating these policies and guidelines.

Sincerely,

C. Ann King
