Re: **PG 21.1 – City Wide Draft Zoning Bylaw**

This is to advise that the Grange Community Association has noted the following revision proposed in the final report (February 26, 2013):

Chapter 800 - Definitions

The definition of "Student Residence" was revised to more accurately reflect current zoning by-law definitions."

The GCA supports this revision so that the definition now reads:

Chapter 800

***Student Residence** "means premises owned and operated by a public school, private school, post-secondary school or educational facility, consisting of dwelling units, bed-sitting rooms or rooms, used for student accommodation."*

Yours truly,
