Dear Sirs/Mesdames:

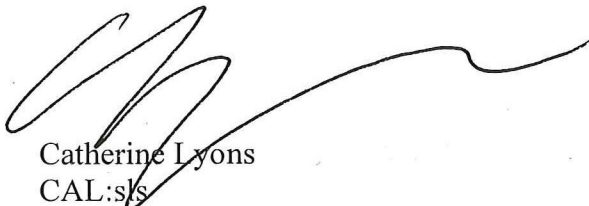

**Re: Draft City-Wide Zoning By-law
Item PG21.1, Planning and Growth Committee, March 6, 2013**

We are writing on behalf of our client, the Hospital for Sick Children, the owner of a major hospital and associated properties located in the general vicinity of University Avenue and College Street in downtown Toronto.

We have had an opportunity to review, on a preliminary basis, the materials associated with the latest version of the proposed draft by-law. While the Hospital for Sick Children is generally of the view that the proposed draft by-law likely does not impact its holdings per se, we are continuing to review the language within the draft by-law. We would like the opportunity to discuss this matter further with Staff and, accordingly, reserve the right to make further submissions at a later date.

Yours very truly,

Goodmans LLP
