Dear Mr. Grimes

I was just informed that councillor Milczyn has motioned to move the Station to Humber Bay Shores. As a business owner and tax payer in the area, I strongly appose this.

Most of my employees come to work on the Go Train, we have strategically located our business to be near the station, in order to attract the best talent in the GTA. With the Go Train, we get cars off the road all year round, support local eateries like San Remo, and further south Birds and Beans.

I fear we would be forced to move out of Toronto in order to continue conducting business.

We are a well known Television and Media production company with our content playing around the world on Networks like National Geographic Discovery, Food Network. and locally CBC, Corus, Travel and Escape, Shaw and many others.

Rents in this area are very attractive for a company like ours, it allows us to keep people more on staff, and increase our reasearch and development budgets. This location, with the Go Train is a very important part of our business, with out it the area would loose yet another employer.

Best

Tim
