Yvonne Davies
Administrator, Scarborough Community Council
150 Borough Drive
Toronto, ON
M1P 4N7

Dear Ms. Davies:

**Application by City of Toronto to amend Zoning By-law Application no: 12 180353 ESC 41 OZ, Request for Comments**
**Applicant: Anne E McCauley, Planning Consultant**
**Location: 300 Silver Star Blvd, Toronto (PIN: 06019 0113)**

Enbridge Pipelines Inc. (Enbridge) owns and operates a 760mm diameter high pressure petroleum pipeline within 200m of the subject property as per Figure 1 below.

Enbridge has concerns with the proposed application to amend the subject zoning by-law to permit a 4 storey building that will contain a 29-bed respite/transitional care facility. Enbridge's concern is for the safety of the occupants and the ability to evacuate the occupants in the event of a pipeline emergency.

The proposed zoning bylaw amendment may also impact the way Enbridge operates and maintains the existing high pressure pipeline.

To obtain locates of our facilities please contact Ontario One Call at 1-800-400-2255 or online at www.on1call.com. Three working days' notice is required to arrange for an onsite meeting.

If you require additional information at this time please let me know.

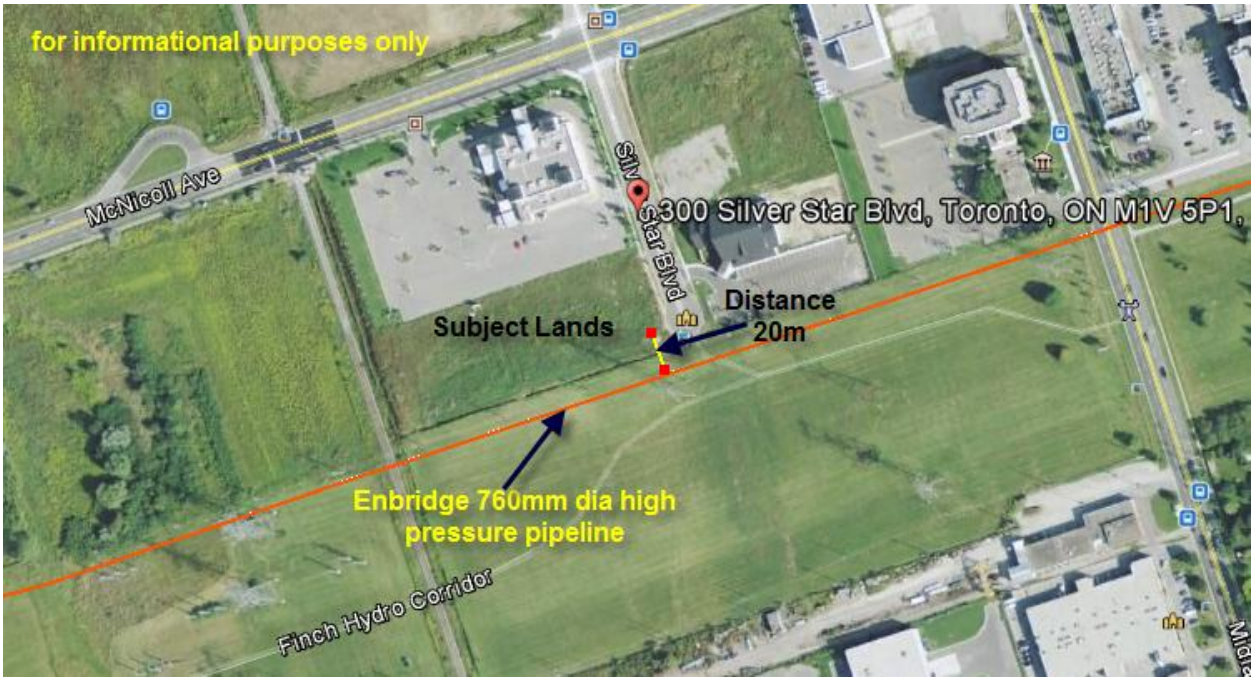

Sincerely,

Ann Newman
