Re: 17 Island Rd., West Rouge Community

Dear Stewart,

On behalf of the West Rouge Community Association and my office, I would request that you reconsider your present application at 17 Island Road.

Over the years this community fought to maintain the single family character in the West Rouge. The area is unique in its present make-up and your proposal does not conform to that principle.

It is for this reason, I am again asking Your Home Developments to reconsider the current application and work with the community to build a project that respects the character and the wishes of the West Rouge Community.

Sincerely,

Ron Moeser,
Councillor, Ward 44
Scarborough East
