**SUMMARY**

This staff report is about a matter for which Toronto and East York Community Council has delegated authority from City Council to make a final decision.

Transportation Services is requesting approval to implement a "No Stopping Anytime" regulation opposite No. 11 Selby Street adjacent to the loading facility servicing Greenwin Square. The parking proposal would help deter parking adjacent to this loading facility and will provide more space for trucks to safely turn in/out of this facility and improve the pedestrian environment in this area.

**RECOMMENDATIONS**

Transportation Services recommends that Toronto and East York Community Council:

1. Prohibit stopping at all times on the north side of Selby Street, from a point 71 metres west of Sherbourne Street to a point 30 metres further west.

**Financial Impact**

Funds to undertake the necessary signage adjustments in the estimated amount of $300.00 are contained within Transportation Services 2013 Operating Budget.

**ISSUE BACKGROUND**

Councillor Kristyn Wong-Tam, on behalf of the Upper Jarvis Neighbourhood Association, has requested Transportation Services to implement a "No Stopping Anytime" regulation adjacent to the Greenwin Square receiving docks on Selby Street in order to provide more on-street space for trucks to safely manoeuvre in/out of this facility.
COMMENTS
Selby Street, between Huntley Street and Sherbourne Street, operates one-way westbound and is classified as a collector roadway with no TTC service. The pavement width is 5.8 metres. The posted parking regulations on this street are as follows:

North Side

- Parking is prohibited from 9:00 a.m. to 5:00 p.m., Monday to Friday.
- Permit parking operates from 12:01 a.m. to 8:00 a.m., daily.
- Otherwise, parking is allowed for a maximum period of 3 hours.

South Side

- Parking is prohibited at all times.

On occasion, truck drivers find it difficult to manoeuvre in or out if a vehicle is parked at the west end of the Greenwin Square receiving docks located on the north side of Selby Street. Greenwin Square is a high-rise building and mall located at No. 345 Bloor Street East. As a result, drivers must often make numerous manoeuvres to access this facility, at times mounting the sidewalk, creating an unsafe situation for all road users and pedestrians.

In order to deter parking and improve access, stopping should be prohibited at all times in front of the loading facility as well as 6 metres to the west. There will be one on-street parking space lost as a result of this parking proposal.
