ISSUE BACKGROUND

At the request of Councillor Janet Davis, on behalf of area residents, staff investigated the feasibility of rescinding the existing alternate side parking on Cedarvale Avenue, between Milverton Boulevard and Strathmore Avenue, to allow for parking on the west side of the street only, as well as adjusting the existing permit parking hours on this section of Cedarvale Avenue.

COMMENTS

Cedarvale Avenue, between Milverton Boulevard and Strathmore Boulevard, is a two-way street with a pavement width of 7.3 metres. Alternate side parking is in effect on this street, whereby parking is allowed in May, July, September and November, on the west side and in January, February, March, April, June, August, October and December, on the east side of the street. Permit parking operates from 12:01 a.m. to 7:00 a.m., daily, in conjunction with the alternate side parking regulations. Parking is otherwise allowed for a maximum period of three hours. There is no TTC bus service on Cedarvale Avenue.

Cedarvale Avenue is located within permit parking area “9G” where 249 permits have been issued against 250 on-street parking spaces that are available.

Currently, on this section of Cedarvale Avenue, there are 40 potential parking spaces on the west side of this street, compared to 10 potential parking spaces on the east side. Accordingly, alternate side parking could be rescinded in favour of allowing parking only on the west side of the street throughout the year. This would ensure that the maximum number of parking spaces are made available throughout the year.

It must be noted that the proposed changes to the alternate side parking system will impact on-street cleaning with mechanical sweepers. This is not the case with the alternate side parking system.

In addition, it is feasible to adjust the existing permit parking hours on Cedarvale Avenue, between Milverton Boulevard and Strathmore Boulevard, in effect from 12:01 a.m. to 7:00 a.m., daily, to be in effect from 12:01 a.m. to 10:00 a.m., from Monday to Friday, and 12:01 a.m. to 7:00 a.m.. Saturday, Sunday and Public Holidays. This will discourage transient parking on this section of Cedarvale Avenue during the weekdays.
