Madam Registrar,

I wanted to very briefly address the “disingenuous” comment located at paragraph of page 15 of 20 of your Report to Council dated August 20, 2014. Please keep in mind that my response to Mr. Littlejohn was made without the benefit of having the Reasons for Findings section of your Report, which I only read for the first time this morning. Perhaps with the benefit of that section, my comments would have been different, but I had to connect the dots as I saw them and respond.

I never meant to call your a liar or make that implication, so I apologize.

Michael
