Gooderham & Worts Neighbourhood Association

39 Parliament St., #101, Toronto, M5A 4R2

Dear Councillors,

The board and members of the Gooderham & Worts NA have asked me to write to express our concern about the proposed expansion of the island airport to accommodate jet aircraft.

We oppose any extension of the airport runways into the harbour to accommodate jet planes and ask that no approvals, conditional or otherwise, should be authorised unless all the concerns expressed in the staff report are satisfactorily answered.

Julie Beddoes,
Chair, Development Committee,
