Re: Request for Temporary Liquor License Extension during The Taste of Italy
Festival – June 13-15, 2014

To: Councillor Mike Layton

I am writing in regards to a temporary liquor license application during the Taste of Italy Festival on June 13-15 of this year. When speaking with the AGCO regarding the Special Event Liquor Permit, I was informed to request a letter from my municipal clerk to accompany the application for the permit.

Aria Boutique is a designer clothing store for women. During the festival we will be running fashion shows. We would like to acquire a liquor permit and a temporary patio permit for the 3 days in order to run the fashion shows from inside to outside the store. We would sell wine only during the festival and only during our operating hours of 11AM-11PM.

Thank you for your consideration.
