

Appendix B

Neighbourhood Equity Scores for Toronto Neighbourhoods and Recommended Neighbourhood Improvement Areas

All Scores are out of a maximum 100 points: the lower the Score, the higher the level of total overall inequities faced by the neighbourhood. Neighbourhoods with Scores lower than the Neighbourhood Equity Benchmark of 42.89 face serious inequities that require immediate action.

Neighbourhoods marked with "*" in the Rank column were designated by Council as *Priority Neighbourhood Areas for Investment* (PNIs) under the 2005 Strategy.

For neighbourhoods marked with a "+" in the Rank column, a smaller portion of the neighbourhood was included in a larger *Priority Neighbourhood Areas for Investment* designated by Council under the 2005 Strategy.
