2014 CAPITAL BUDGET BRIEFING NOTE

Platform Changes Required to the St. Clair Right-of-Way Arising From the New Light Rail Vehicle Platform Requirements

Issue/Background:

Councillor Nunziata requested that the Chief Executive Officer, Toronto Transit Commission provide a briefing note to the December 20, 2013 Budget Committee meeting on the costs associated with platform changes required to the St. Clair Right-of-Way arising from the new Light Rail Vehicle platform requirements.

Key Points:

The 2014-2023 Recommended Capital Budget and Plan for the TTC includes \$7.4 million to modify 48 platforms on St. Clair Avenue West. A detailed survey and design will commence next year. Construction is currently scheduled for 2016.

Prepared by: Tristan Jugg, Project Manager, Engineering, Construction & Expansion Group, TTC Tristan.Jugg@ttc.ca – (416)393-7927
