

Hello Bernita,

I am wondering if the TTC could provide a presentation to the Disability Issues Committee on their plans to comply with the s. 38 integrated Accessibility Standards regulation.

The regulation requires that:

38. (1) No conventional transportation service provider and no specialized transportation service provider shall charge a fare to a support person who is accompanying a person with a disability where the person with a disability has a need for a support person. O. Reg. 191/11, s. 38 (1).

(2) It is the responsibility of a person with a disability to demonstrate to a transportation service provider described in subsection (1) their need for a support person to accompany them on the conventional or specialized transportation service and to ensure that the appropriate designation for a support person is in place. O. Reg. 191/11, s. 38 (2).

(3) Conventional transportation service providers and specialized transportation service providers shall meet the requirements of this section by January 1, 2014. C. Reg. 191/11, s. 38 (3).

The December 11 meeting would be an opportunity for the TTC to share their plans and receive input from the Disability Issues Committee.

Tracy Odell
