Dear Clerk,

Administrative Inquiry Regarding Curbside Waste Collection for District 1

I am submitting this Administrative Inquiry (under Municipal Code S27-61) to obtain information related to the contract for Curbside Collection for garbage, recycling, organic materials and other waste in District 1.

I understand that a tender has been issued for the Curbside Collection contract for garbage, recycling, organic materials and other waste in District 1 and that the contract with Green For Life Environmental East Corporation (GFL) was not renewed.

What were the nature of the complaints that lead to the contract not being renewed with GFL for garbage, recycling, organic materials and other waste in District 1?

I thank you for your attention to this matter.

Sincerely,

Councillor Mike Layton
Ward 19, Trinity – Spadina
