Recommendations

Councillor Mark Grimes, seconded by Councillor Mike Layton, recommends that:

1. City Council request that the Chief Planner and Executive Director, City Planning, to incorporate comments from Toronto Hydro when preparing development application reports for City Council.

Summary

The City of Toronto is experiencing an unprecedented building boom which is stretching the capabilities of our infrastructure and utilities. One such utility is Toronto Hydro and the experience of frequent brownouts in several rapidly growing areas of the City illustrates that challenges remain in meeting the increased demand. With almost 60 percent of Hydro's infrastructure requiring rebuilding over the next two decades, their comments are critical to the planning process.
