Date: August 12, 2014

To: Chair Augimeri and Members of the North York Community Council

Subject: Request for Traffic Calming on Wenderly Drive, from Dufferin Street to Corona Street

SUMMARY:

A petition has been submitted by area residents to the local Councillor's office to request the installation of speed humps on Wenderly Drive between Dufferin Street and Corona Street.

Wenderly Drive runs parallel to Lawrence Avenue West and is often used as a thoroughfare to bypass heavy traffic on surrounding arterial roads. With increased development and growth in the area and increased vehicular traffic, pedestrian safety has become a major concern.

RECOMMENDATIONS:

That North York Community Council:

1. Direct the City Clerk to conduct a poll of eligible residents living on Wenderly Drive, between Dufferin Street and Corona Street, in accordance with the City of Toronto Traffic Calming Policy.

2. Direct Transportation Services to develop and provide a Speed Hump plan to the City Clerk to be included with the poll.

3. Direct the City Clerk to convey the results of the survey to the respondents.

4. Subject to favourable results of the poll:
   a. Direct Transportation Services to undertake the appropriate action to implement the installation of the traffic calming plan on Wenderly Drive, between Dufferin Street and Corona Street; and
   b. Reduce the speed limit to 30/km/hr.

5. Authorized and direct the appropriate City Officials to take whatever action is necessary to implement the foregoing, including the introduction in Council of any Bills that are required.

Sincerely,

Councillor Josh Colle
