To: North York Community Council

From: Councillor Denzil Minnan-Wong
Don Valley East, Ward 34

Re: **Changes to On-Street Parking times on Railside Road**

Summary:

Concern was expressed to my office about the one hour on-street parking restriction on sections of Railside Road. Enforcement of the one hour parking regulation has led the patrons of the business at 74 Railside Road to park illegally in neighbouring commercial lots. Businesses have expressed concerns with this situation and suggested a change be made to the on-street parking times.

A letter was circulated from my office for input from local businesses on the proposed changes to the existing parking restrictions. The results suggested the one hour time limit be amended to three hours daily after 5:00 p.m.

Currently, parking is allowed for one hour on the west, south and east sides of Railside Road between Lawrence Avenue East (west intersection) and a point 568 metres south of Lawrence Avenue (east intersection). As well, the East side of Railside Road allows one hour parking between Lawrence Avenue East (east intersection) and a point 490 meters south.

Recommendations:

That North York Community Council:

1. Approve the proposed changes for parking allowed on Railside Road to a maximum of three hours daily after 5:00 p.m. in the current permitted area.

Thank you for your consideration.

Sincerely,

Councillor Denzil Minnan-Wong
Ward 34, Don Valley East
