Dear Chair Peter Milczyn and Members of Planning and Growth Management Committee

**PG32.10: Draft Official Plan Policies for Implementing a Development Permit System  
Planning and Growth Management Committee Meeting No. 32 – April 10<sup>TH</sup>, 2014  
Request to Update/Correct the Tracking Status of Agenda Item PG32.10**

---

CORRA, the Confederation of Resident and Ratepayer Associations in Toronto, is writing to request the tracking status of this agenda item PG32.10 be updated to incorporate Planning and Growth Management Committee's consideration and recommendations at its meeting on December 4, 2013 listed as PG29.5.

The update/correction would:

- add an additional bulleted statement under the tracking status of PG32.10 and indicate that this item was considered by Planning and Growth Management Committee on December 4, 2013 with links to that agenda item PG29.5; and
- incorporate agenda item PG29.5 and PGMC's recommendations along with all background materials, including staff report and draft Official Plan Policies, speakers and other submissions as part of the upcoming PG32.10 agenda item for PGMC meeting on April 10, 2014.

This may have been an oversight to the typical transparent way of tracking the agenda items that staff usually perform and the general public expect. Understanding the decision making process allows all of us to be better informed and to make meaningful contributions on issues that matter.

Sincerely,

CORRA Executive
