RE: McCOWAN PRECINCT STUDY

Dear Sirs and Madame:

On page 5 of my May 2nd letter to Community Council regarding the staff reports on Span McCowan and the Precinct Plan I advised that "We have heard nothing from staff on this topic in over a year."

The statement is not correct.

Your staff reminded us that we met with Mr. Nanos and Mr. May on August 22nd 2013 at which time they made a presentation of estimated costs to construct and maintain a deck and open space over McCowan Road with reduced dimensions, avoiding the costs of ventilating a 'tunnel' design.

Please accept my apologies.

Yours truly,
