SUMMARY

Transportation Services is requesting approval from City Council to introduce car-share vehicle parking areas (CVPAs) at two locations in the Toronto and East York District. Separate CVPA proposals that are delegated items will be addressed in a separate report to Toronto and East York Community Council entitled "Car-share Vehicle Parking Areas – Various Locations – Delegated".

RECOMMENDATIONS

Transportation Services recommends that:

1. City Council designate a car-share parking area for up to three car-share parking spaces for Car2Go vehicles on the north side of Davenport Road, between a point 9.0 metres east of Winona Drive and a point 11.0 metres further east.

2. City Council designate a car-share parking area for up to three car-share parking spaces for Car2Go vehicles on the west side of Dovercourt Road, between a point 30.5 metres south of Hallam Street and a point 11.0 metres further south.

Financial Impact

The revenue generated from the permits to the City for the two locations will be $5,398.56 plus HST per year. All costs associated with installation of signs and pavement markings will be the responsibility of the applicant.
ISSUE BACKGROUND
At its meeting of April 9, 2013, Toronto and East York Community Council authorized nine car-share vehicle parking areas within the district (Item TE23.54). Subsequent to that approval, Transportation Services have received further applications and have identified six additional car-share areas that can be installed at various locations. Two of these six locations are non-delegated items and are addressed in this report.

COMMENTS
Based on our review, the following locations met all of the car-share installation criteria and are recommended for installation as car-share vehicle parking areas in the Toronto and East York District:

- Davenport Road, north side, east of Winona Drive, Ward 21, Car2Go;
- Dovercourt Road, west side, south of Hallan Street, Ward 18, Car2Go.

TTC service on the above-noted street segments is provided by the 127 Davenport bus and the 161 Rogers Road bus, respectively. These locations are supported by the local Councillors. If this report is approved, and upon payment of appropriate fees, Transportation Services staff will arrange for the installation of parking signs and the issuance of the permits.
