

# VOTES OF CONFIDENCE

*"Angela Kennedy has worked on the frontlines of healthcare in Toronto for 45 years. She is a strong advocate for healthy and safe workplaces and would be a great asset to have if appointed to the Toronto Board of Health."*

Faye Loverock

Coordinator / Bargaining Unit President, TEGH Site, ONA Local 115

*"For over four decades as a nurse and educator, Angela has educated the public about the risks associated with diabetes and other preventative diseases... I believe that her dedication to nursing and her passion for educating the public will make her an invaluable asset to the Toronto Board of Health."*

Lisa Sparrow

Clinical Nurse Specialist - Diabetes, Toronto East General Hospital

*"As Angela has been duly vetted by the selection committee, she brings to Public Health her professional experience as a Registered Nurse and her tenure as a publicly elected school board trustee. I would ask that you **support her nomination without prejudice.**"*

Mike Del Grande

Chair of the TCDSB  
Trustee, Ward 7

**TCDSB TRUSTEE**

**ANGELA KENNEDY, RN, CDE**

To the City of Toronto Board of Health

*“ If given your vote of confidence on March 31st, 2015, I will bring 45 ”  
years of experience as a Registered Nurse and Diabetes Educator  
to the Toronto Board of Health.*

Down's Syndrome Association, 2005  
Canadian Diabetes Association, 2004  
Silent Voice Canada, 1987

## A message from TCDSB Trustee, **Angela Kennedy RN, CDE**

Dear Councillor,

This year marks 13 years since the Toronto Catholic District School Board had a representative of its own on the Toronto Board of Health.

My fellow trustees at the TCDSB are supportive of strategies that will enhance student success and wellness and would welcome the opportunity to influence public health policy in our city.

I wish to be appointed as the TCDSB representative on the Board of Health because I recognize that the potential for public health policy in the areas of accessibility, mental health, poverty reduction, child obesity and disease prevention are limitless.

As a Registered Nurse with 45 years of experience, I understand the needs of our diverse and aging population and I want to bring this insight with me to assist the Board in fulfilling its mandate throughout the City of Toronto.

On March 31st, please give me your vote of confidence by selecting me as the next TCDSB representative on the Toronto Board of Health.

Sincerely,
