

Marchese Design supports 6 Lloyd

My name is Michael Marchese; I operate a firm called Marchese Design, representing numerous top-level marketing clients in a wide variety of industries. I have been looking for a home for my business and have now found it in the plans for 6 Lloyd. I believe this area will be at the centre of a creative revolution now gathering force in Toronto. As someone who has observed both the developer and the area for some years, I strongly urge the City Council to vote in favour of 6 Lloyd for the enhanced future of the Keele and St. Clair area.

Thank you for your attention to this matter.

Sincerely,

Michael Marchese,
President, Marchese Design
