

**Green Valley Flooring will open a business at 6 Lloyd**

My name is Santino Bernaudo and I operate a family-owned flooring business that is seeking to expand its operations closer to the Toronto core. We have found an ideal location: the proposed 6 Lloyd site at the Keele and St. Clair area. We understand that the City Council is considering voting whether or not to allow this outstanding proposed development. Our business would like to add our support to the Councillors and neighbours who support this development. We believe it will be a great place to add to our business. Please vote for 6 Lloyd so we can expand our business there.

Sincerely,

*Santino Bernaudo*

Santino Bernaudo, President
