Re: 22 John Street, 33 King Street, and 2 Elsmere Avenue – Final Report

From the early discussions and proposals re the Weston Cultural Hub, the Weston Village BIA board was very excited and in approval of the development, seeing it as the much needed catalyst for growth and development in the area. The development is unique and very well thought out and the inclusion of the Weston Farmers' Market in the project was of great interest to the BIA as the owners of the market.

In the early stages, however, there were concerns about the layout and the amount of space being allocated to the Farmers' Market. These concerns have now been resolved and I am happy to say that the board is completely behind the project.

Feel free to contact me if you require any further information.

Sincerely

Masum Hossain, Chair
Weston Village BIA and
416-249-0691
