SUMMARY

City Council, at its meeting of March 31, April 1 and April 2, 2015, in considering the report (February 11, 2015) from the General Manager, Transportation Services, regarding temporary traffic by-law amendments for the Toronto 2015 Pan Am/Parapan Am Games, among other things, authorized the General Manager, Transportation Services to report directly to City Council on July 7 and 8, 2015 on any modified or additional temporary traffic regulations or road closure amendments required for the Games.

Also at its meeting of March 31, April 1 and 2, 2015, in considering the supplementary report (March 25, 2015) from the General Manager, Transportation Services, City Council authorized the General Manager, Transportation Services to report directly to City Council on July 7 and 8, 2015 on any additional required temporary reserved lanes and/or changes to any temporary reserved lanes approved by City Council in connection with the supplementary report (March 25, 2015) from the General Manager, Transportation Services.

This report recommends temporary changes to the parking, standing and traffic regulations in the Athletes' Village/Distillery District area that have been recently developed to improve traffic operations and circulation. This report also recommends changes to reserved lanes implemented pursuant to the supplementary report (March 25, 2015) from the General Manager, Transportation Services, to include an additional class of vehicle.

RECOMMENDATIONS

The General Manager, Transportation Services recommends that:

1. City Council enact the temporary traffic and parking by-law amendments required to support the Pan American/Parapan American Games as set out in Appendix 1 to the report (July 8, 2015) from the General Manager, Transportation Services.
2. City Council amend Subsection 950-503A of City of Toronto Municipal Code Chapter 950, Traffic and Parking, to include a definition of "Airport Limousine" to mean "Greater Toronto Airports Authority (GTAA) licensed airport limousines."
3. City Council enact the temporary reserved lane amendments required to support the Pan American/Parapan American Games as set out in Appendix 2 to the report (July 8, 2015) from the General Manager, Transportation Services.
4. City Council authorize the appropriate City officials to submit directly to Council at the appropriate time any necessary bills to amend the appropriate City of Toronto Municipal Code Chapters, and any Schedules to the Chapters, to reinstate the traffic and parking regulations and the reserved lane regulations to what they were immediately prior to the by-law amendments made in connection with the report (July 8, 2015) from the General Manager, Transportation Services.
5. City Council authorize and direct the appropriate City officials to take the necessary action to give effect to Council's decision, including the introduction in Council of any and all bills that may be required.

DECISION HISTORY

At its meeting on March 31, April 1 and 2, 2015 City Council adopted, as amended, the report dated February 11, 2015 from the General Manager, Transportation Services, entitled "Toronto 2015 Pan Am/Parapan Am Games – Temporary Traffic By-law Amendments" and the report dated March 25, 2015 from the General Manager, Transportation Services, entitled "Toronto 2015 Pan Am/Parapan Am Games – Temporary Traffic By-law Amendments for High Occupancy Vehicle Lanes (Supplementary Report)" (PW2.3).

The report included a recommendation that authorized the General Manager, Transportation Services to report directly to City Council on July 7 and 8, 2015, if deemed necessary by the General Manager, Transportation Services, on: (a) any additional required temporary traffic regulations or road closure amendments and/or changes to any temporary traffic regulations or road closure amendments approved by City Council in connection with the report dated February 11, 2015 from the General Manager, Transportation Services; and (b) any additional required temporary reserved lanes and/or changes to any temporary reserved lanes approved by City Council in

connection with the supplementary report dated March 25, 2015 from the General Manager, Transportation Services.

COMMENTS

Parking and Traffic Regulations

Since the approval by Council of each of the report (Item PW2.3) recommending the temporary traffic and parking regulations and road closures associated with the 2015 Pan Am/Parapan Am Games and the report (Item CC7.13) recommending additional temporary traffic and parking measures, work has continued on the refinement of detailed traffic management plans associated with Games operations. This has resulted in the identification of a number of necessary additional parking and traffic regulations as well as the identification of several required modifications to the traffic and parking amendments made in connection with the report dated February 11, 2015 from the General Manager, Transportation Services.

Specifically, the recommended temporary changes to a taxicab stand, permit parking regulations, one-way highways and no stopping regulations on Mill Street and on Trinity Street as identified in Appendix 1 will result in improved traffic operations and circulation in the Athletes' Village and Distillery District areas.

Permitted Use of Reserved Lanes

Since the approval by Council of the supplementary report (March 25, 2015) from the General Manager, Transportation Services, designating reserved lanes for designated classes of vehicles, work has continued on the refinement of detailed traffic management plans associated with Games operations, including reference to the designations for HOV lane access approved by the Provincial Government for highways under their jurisdiction. It was discovered that GTAA licensed airport limousines are permitted to use the Provincial HOV lanes.

The original designations passed by Council for those reserved lanes under City of Toronto jurisdiction (PW2.3) did not provide for similar use. In order to eliminate potential access and enforcement issues, this report recommends modifications to the temporary reserved lane designations to include airport limousines.
