Date: December 19, 2014

To: North York Community Council

Subject: Traffic Calming Measures on Sunfield Road

SUMMARY:

Residents of the Sheppard Avenue West and Keele Street area known as Villages of Downsview, have expressed concern with vehicular volume and speed on Sunfield Road and have requested that traffic calming measures (speed humps) be considered. Stop signs are not an option as there is a private condo townhouse development in the streets adjacent to Sunfield Road and municipal signs cannot be erected there. As such, speed humps on Sunfield Road may be a plausible alternative. A petition from area residents has been received.

RECOMMENDATIONS:

That North York Community Council:

1. Direct the City Clerk to conduct a poll of eligible residents living in the immediate area, on and surrounding Sunfield Road, in accordance with the City of Toronto Traffic Calming Policy.

2. Direct Transportation Services to develop and provide a Speed Hump plan to the City Clerk to be included with the poll.

3. Direct the City Clerk to convey the results of the survey to the respondents.

4. Subject to favourable results of the poll:
   a. Direct Transportation Services to undertake the appropriate action to implement the installation of the traffic calming plan on Sunfield Road, between Sheppard Avenue West and Diana Drive; and
   b. Reduce the speed limit to 30/km/hr.

5. Authorize and direct the appropriate City Officials to take whatever action is necessary to implement the foregoing, including the introduction in Council of any Bills that are required.

Thank you for your consideration of this matter.

Sincerely,

[Signature]

Councillor Maria Augimeri
Ward 9 – York Centre
