15 Mallow Road
Zoning By-law Amendment Application
Preliminary Report

Date: January 22, 2015
To: North York Community Council
From: Director, Community Planning, North York District
Wards: Ward 34 – Don Valley East
Reference Number: 14 264875 NNY 34 OZ

SUMMARY

This application is to amend the North York Zoning By-law for a portion of the lands at 15 Mallow Road to permit 39 new dwelling units comprised of 10 townhouses, 16 semi-detached and 13 detached dwellings and a new public road.

This report provides preliminary information on the above-noted application and seeks Community Council's directions on further processing of the application and on the community consultation process.

The report recommends that a community consultation meeting be scheduled together with the Ward Councillor. A Final Report and a Public Meeting under the Planning Act is targeted for the third quarter of 2015 and will be scheduled following community consultation and the resolution of outstanding issues.
RECOMMENDATIONS

The City Planning Division recommends that:

1. Staff be directed to schedule a community consultation meeting for the lands at 15 Mallow Road together with the Ward Councillor.

2. Notice for the community consultation meeting be given to landowners and residents within 120 metres of the site.

3. Notice for the public meeting under the Planning Act be given according to the regulations of the Planning Act.

Financial Impact

The recommendations in this report have no financial impact.

DECISION HISTORY

The 1.75 hectares school property at 15 Mallow Road was owned by the Toronto District School Board and was declared surplus to their needs in 2013. At its meeting of June 10, 2014, City Council considered a report on acquisition of a 0.5 hectare portion of the 1.75 hectares surplus school site at 15 Mallow Road from the Toronto District School Board for parkland purposes. City Council authorized entering into an agreement with the Toronto District School Board to purchase the 0.5 hectare portion. http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2014.EX42.20

The City of Toronto has since taken ownership of this portion of the surplus school site.

Pre-Application Consultation

A pre-application consultation meeting was not held with the applicant to discuss complete application submission requirements.

ISSUE BACKGROUND

Proposal

The rezoning proposal is to redevelop the remaining portion (1.25 hectares) of the former school board site with new residential lots comprising 39 dwelling units and a new cul-de-sac public road. The proposal includes the following:
• 39 new residential lots.
• A new cul-de-sac public road of 16.5 m and 14.5 m in width connecting to The Donway East.
• 10 four storey townhouses fronting The Donway East with vehicle access at the rear from a new public laneway.
• A central block of 16 four storey semi-detached dwellings with address on a new public street and vehicle access at the rear from a private laneway.
• 12 three storey and 1 two storey detached dwellings fronting onto the new road and backing onto the existing residential neighbourhood to the south and east.
• A public and private laneway providing vehicular access from the townhouses and semi-detached dwellings to the new road.

The total proposed gross floor area is 10,252 m².

Site and Surrounding Area

The site is located on the east side of The Donway East and south of Mallow Road. The site is currently being used by a private school (La Citadelle International Academy of Arts and Science) which is scheduled to move to a different location later in 2015. This school site was declared surplus by the Toronto District School Board. A portion (0.5 hectares) of the school site fronting Mallow Road was sold to the City of Toronto for parkland purposes. The remaining portion (1.25 hectares) of the school site fronting on The Donway East is the subject of this rezoning application.

The site has a frontage of 85 metres on The Donway East and a depth of about 137 metres. A small sliver of land provides a pedestrian walkway to the site from Broadleaf Road. There are existing school buildings on the site which are to be demolished.

Land uses surrounding the site are as follows:

North: Private school which lands have been purchased by the City of Toronto for public park purposes (former school site). At the corner of The Donway East and Mallow Road is a place of worship. On the north side of Mallow Road are detached homes.

South: Detached homes.

East: Detached homes.

West: On the west side of The Donway East are 3 storey townhouses and 3 storey apartment buildings.

Provincial Policy Statement and Provincial Plans

The Provincial Policy Statement (PPS), 2014 provides policy direction on matters of provincial interest related to land use planning and development. These policies support the goal of enhancing the quality of life for all Ontarians. Key policy objectives include: building strong healthy communities; wise use and management of resources and
protecting public health and safety. The PPS recognizes that local context and character is important. Policies are outcome-oriented, and some policies provide flexibility in their implementation provided that provincial interests are upheld. City Council's planning decisions are required to be consistent with the PPS.

The Growth Plan for the Greater Golden Horseshoe provides a framework for managing growth in the Greater Golden Horseshoe including: directions for where and how to grow; the provision of infrastructure to support growth; and protecting natural systems and cultivating a culture of conservation. City Council’s planning decisions are required to conform, or not conflict, with the Growth Plan for the Greater Golden Horseshoe.

Staff will review the proposed development for consistency with the PPS and for conformity with the Growth Plan for the Greater Golden Horseshoe.

Official Plan

The site is designated Neighbourhoods in the Official Plan. The Official Plan indicates that Neighbourhoods are considered physically stable areas made up of residential uses in lower scale buildings such as detached houses, semi-detached houses, duplexes, triplexes and townhouses, as well as walk-up apartments that are no higher than four storeys. Parks, low scale local institutions including places of worship, home occupations, cultural and recreational facilities and small-scale retail, service and office uses are also provided for in Neighbourhoods.

Policy 4.1 of the Official Plan contains specific development criteria related to lands designated Neighbourhoods. Policy 4.1.5 states that development in established Neighbourhoods will respect and reinforce the existing physical character of the neighbourhood, including the heights, massing, scale and dwelling type of nearby residential properties, the prevailing building types, size of lots and setbacks of buildings from the street and property lines. The policy indicates that no changes will be made through rezoning that are out of keeping with the physical character of the neighbourhood.

Zoning

The former school site is subject to North York Zoning By-law 7625 and is zoned 01 – Open Space. The O1 Zone permits a public park, schools and day nurseries. The site is not subject to the new Toronto Zoning By-law 569-2013.

Subdivision

A draft plan of subdivision application has not yet been submitted but is required.
Site Plan Control

Site Plan Control is not required for detached and semi-detached dwellings, however Design Control Guidelines will be established to ensure quality design of the dwellings and site design. An application for site plan control approval for the proposed townhouses has not yet been filed.

Tree Preservation

The application is subject to the City of Toronto Private Tree By-law. A permit is required to remove, cut down or injure a tree with a diameter of 30 cm or more on private property.

Reasons for the Application

The proposed townhouses, detached and semi-detached dwellings are not permitted by the O1 Zone.

COMMENTS

Application Submission

The following reports/studies were submitted with the application:

Planning Rationale
Transportation Operations Review
Stage 1 Archaeological Assessment
Functional Servicing Report
Stormwater Management Report
Tree Inventory and Preservation Plan Report
Toronto Green Standard Checklist

A Notification of Complete Application was issued on January 6, 2015.

Issues to be Resolved

The proposal involves redevelopment of the remaining portion of a surplus school site with a new residential subdivision including a new public road and 39 dwelling units comprised of townhouses, semi-detached and detached dwellings.

On a preliminary basis, the following issues have been identified:

- Appropriateness of the proposed residential building types.
• Appropriateness of the proposed lot sizes, development standards and building heights.
• Layout and design standards of the proposed public road, public lane and private lane.
• What is happening to the existing pedestrian access from Broadleaf Road.
• The laying out of the proposed new public road and residential lots requires the submission of a draft plan of subdivision application.

Additional issues may be identified through the review of the application, agency comments and the community consultation process.

The Toronto Green Standard Checklist has been submitted by the applicant and is currently under review by City staff for compliance with the Tier 1 performance measures.
