

## REFERRAL OF MEMBER MOTION BY CITY COUNCIL

### Online Real Time Snow Clearance Mapping

<b>Date:</b>	February 12, 2015
<b>To:</b>	Public Works and Infrastructure Committee
<b>From:</b>	City Council
<b>Wards:</b>	All Wards

### City Council Decision

---

City Council on February 10 and 11, 2015, referred Motion MM3.26 to the Public Works and Infrastructure Committee.

### Recommendations

---

Councillor Anthony Perruzza, seconded by Councillor Glenn De Baeremaeker, recommends that:

1. City Council request the General Manager, Transportation Services, to report to the Public Works and Infrastructure Committee detailing what would be required to map City of Toronto snow removal efforts online.

### Summary

---

Snow removal vehicles are outfitted with GPS units. As a result of this technology, Transportation staff know the exact location of snow removal vehicles in order to keep track of and supervise the contractor's work. The location of snow removal trucks, where they have been and where they are headed, would be very helpful to Toronto residents as they plan their own snow clearing efforts. Mapping snow removal operations online would be a welcome service enhancement for Toronto residents.
