Attn: Ulli S. Watkiss, City Clerk

Dear Committee Members:

**Re: Gardiner Expressway & Lake Shore Boulevard Reconfiguration Environmental Assessment and Urban Design Study  
Upcoming Public Works and Infrastructure Committee (PWIC) Meeting - May 13, 2015**

At its meeting on May 4, 2015, the Board of Directors of Waterfront Toronto received an update on the work of the Gardiner East project team with regard to the Gardiner Expressway and Lake Shore Boulevard Reconfiguration Environmental Assessment and Urban Design Study. As you know, Waterfront Toronto is a co-proponent with the City of Toronto on the Gardiner East Environmental Assessment.

Following the presentation of the study results, the Board passed the following motion:

**"ON MOTION** duly made, seconded and carried, be it **RESOLVED** that the Board of Directors hereby confirm that the remove option is best from a waterfront revitalization perspective and recognize that this decision will be made by City Council based on considerations of other criteria as well as waterfront revitalization. The Board further directs that Management work with the City on the implementation of the chosen alternative."

I trust you will find the above information helpful.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark Wilson".

Mark Wilson  
Chair
