

## CONDOLENCE MOTION

**Moved by: Councillor Mike Layton**

**Seconded by: Councillor Ana Bailão**

The Mayor and Members of Toronto City Council are deeply saddened to learn of the passing of William Cergueira on April 23, 2015.

William was a member of LiUNA Local 506. He was building an office complex at Bay and Adelaide Streets when there was an unfortunate accident at the construction site.

William had dedicated his life to building the cities and communities we live in. Health and safety on the job, in our cities and in communities must be protected to ensure that each and every worker returns safely home after a hard day's work.

The City Clerk is requested to convey, on behalf of the Members of Toronto City Council, our sincere sympathy to William's family.
