Enbridge Pipelines Inc.(Enbridge) does not have facilities within the scope of the proposed project.  
As per the attached aerial photo, Enbridge owns and operates a "762 mm dia." pipeline near the subject lands approximately 20 m from the subject lands.

**IF THE PROPOSED WORKS CROSS OR ARE WITHIN 30m OF THE PIPELINE**

Enbridge is regulated by the National Energy Board pipeline crossing regulations.  
All excavations within 30m of the Enbridge right-of-way requires notification to Enbridge prior to excavation by contacting Ontario One Call at 1-800-400-2255 or [www.ON1Call.com](http://www.ON1Call.com).  
Any proposed facilities crossing the Enbridge right-of-way requires approval in the form of a standard crossing agreement between Enbridge and the facility owner.

If you require additional detail regarding the proposed project please contact Enbridge Pipelines Inc. by email at:
