

Map reproduced from <http://www.toronto.ca/legdocs/mmis/2015/te/bgrd/backgroundfile-78545.pdf> (March 2015) showing the Bathurst-Bloor Four Corners Study Area. Since this map was prepared, HPS survey looked beyond the study area westward on the south side of Bloor Street to align with the laneway midway between Markham Street and Palmerston Boulevard, and north of Bloor on Markham Street including the TTC entrance and the entire church property.
