To: Toronto and East York Community Council

Re: Traffic Calming Speed Humps on Grant Street

Dear Chair & Members,

Residents on Grant Street have expressed concern that cars are frequently driving much too quickly for a residential street, as is the case in much of the City. I conducted a survey of residents and found that 89% of residents support installing traffic calming speed humps on Grant Street.

Therefore, I request Community Council:

- 1) Request the Director of Transportation Services for Toronto and East York prepare a report on the request for traffic calming speed humps on the entirety of Grant Street.

Sincerely,

Councillor Paula Fletcher
Ward 30, Toronto-Danforth
