Spotlight City Events continues to offer attendees some of the best food experiences in the GTA and throughout the spring and summer we offered thousands the opportunity to sample food offered by a who's who of the best local chefs from restaurants across the city. Our previous sell-out events brought together a multitude of Torontonians to enjoy the work of local chefs doing their spin on the popular dishes such as curry, dim sum and tapas and have been widely lauded in the local press no less for the quality of the event organization than for the quality of the food available.

As with previous events we have held, one of the things we hope to encourage is for guests to sample a wide variety of the high-calibre food being produced in restaurants across the city at an affordable price point. Spotlight City Events would also like to inspire a more direct relationship between chefs and their patrons in a low-key friendly environment.

Much like a great meal in a traditional bricks-and-mortar restaurant, the option to enjoy a great beverage alongside your food enhances the experience. So with that mind we're reaching out to local microbreweries and Ontario wineries & distillers to provide paired beverages for the gourmet street food that will be served at all our events. This is why we would like to apply for the Special Occasion Permit. Non-alcoholic beverages will also be served at these events provided by a local craft soda producer. We're asking that council review and kindly consider our request. If there are no objections, we would greatly appreciate if it could provide us with any endorsement possible and necessary for our application to the AGCO. Should you have any questions about the event we're happy discuss any details with you via phone or email.

Thank you again for your time and consideration,
