Board of Management of the Toronto Zoo

2015 year-end report to the Board of Management of the Toronto Zoo

Prepared as of May 11, 2016
May 11, 2016

Members of the Board of Management and
Policy and Finance Committee of the Toronto Zoo
361A Old Finch Avenue
Toronto ON M1B 5K7

Dear Members of the Board of Management and Policy and Finance Committee of the Toronto Zoo:

We have substantially completed our audit of the financial statements of the Board of Management of the Toronto Zoo (the organization or the Zoo) prepared in accordance with Public Sector Accounting Standards including standards that apply only to government not-for profit organizations (PSAS +4200) for the year ended December 31, 2015. We propose to issue an unqualified report on those financial statements, pending resolution of outstanding items outlined on page 1. Our draft auditor’s report is included as Appendix A.

We prepared the accompanying report to assist you in your review of the financial statements. It includes an update on the status of our work, as well as a discussion on the significant accounting and financial reporting matters dealt with during the audit process. We will review the key elements of this report at the upcoming meeting and discuss our findings with you.

We would like to express our sincere thanks to the management and staff of the organization who have assisted us in carrying out our work, and we look forward to your meeting on May 19, 2016. If you have any questions or concerns prior to the Policy and Finance Committee meeting, please do not hesitate to contact me in advance.

Yours very truly,

Chartered Professional Accountants

c.c.: John Tracogna, Chief Executive Officer
Robin Hale, Chief Operating Officer
Paul Whittam, Manager of Financial Services
Communications to the Policy and Finance Committee

<tbody>
<tr>
<td><strong>Status of the audit</strong></td>
<td>PricewaterhouseCoopers LLP (PwC or we) have substantially completed our audit of the financial statements (the financial statements). Significant outstanding items at time of mailing include the following:</td>
</tr>
<tr>
<td></td>
<td>• Actuary reliance letter; • Legal updates and subsequent events procedures; • Management representation letter; • Review and approval of the financial statements by the Board of Management.</td>
</tr>
<tr>
<td><strong>Service deliverables</strong></td>
<td>We performed audit of the organization’s financial statements as of December 31, 2015 and for the year then ended prepared in accordance with PSAS + 4200. Our engagement letter, which has been signed by the City of Toronto (the City), sets out the terms and conditions for the audit as the independent auditor of the Zoo for the above-mentioned year.</td>
</tr>
<tr>
<td><strong>Audit timeline</strong></td>
<td>We worked with management to develop this project timeline:</td>
</tr>
<tr>
<td></td>
<td>• Interim visit: December 1 – 5, 2015 • Year-end visit: March 14 – 25, 2016 • Clearance meeting with management: April 5, 2016 • Year-end Policy and Final Committee meeting: May 19, 2016 • Delivery of financial statements: upon Board of Management approval</td>
</tr>
<tr>
<td><strong>Audit approach</strong></td>
<td>Our audit approach is a mixture of tests of internal controls and substantive testing. In the current year, our work included testing of key controls in the following areas:</td>
</tr>
<tr>
<td></td>
<td>• Purchases, payables and disbursements • Payroll • Membership, admission and retail revenue</td>
</tr>
<tr>
<td></td>
<td>All material areas were subject to tests of detail and substantive analytical testing.</td>
</tr>
</tbody>
</table>
## Key matters for discussion

| **Materiality** | Misstatements are considered to be material if they could reasonably be expected to influence the economic decisions of users of the financial statements.  
We set our materiality at $1,400,000. We reported unadjusted and adjusted items over $140,000 to the Policy and Finance Committee as a result of the audit.  
No unadjusted or adjusted items were noted during the current year audit. |
| **Significant accounting, auditing and reporting matters discussed with management** | A high amount of activity occurs between the Zoo and the City. This includes transactions such as receipt of operating funding and other charges, representing a significant portion of the Zoo’s revenue. In addition, there is a number of funds (e.g. Animal Transaction Reserve Fund, Zoo Stabilization Reserve Fund, etc.) maintained by the City that are not recorded in the financial statements of the Zoo.  
We received an independent confirmation from the City of Toronto confirming the transactions and balances between City of Toronto and the Zoo.  
We have reviewed the related party note disclosure with respect to the relationship, transactions and balances with the City and it appears to be complete and accurate. |
| **Treatment of related party transactions** | Accounting regulatory authorities require that the risk of material misstatement due to management override of controls be considered a significant risk on every audit engagement.  
Using computer assisted auditing techniques, we have assessed significant and non-standard manual journal entries recorded in the year and selected a sample of items for testing to ensure that the entries represent valid and appropriately authorized transactions. No exceptions were noted from our testing.  
We also incorporated unpredictable procedures into our audit and noted no exceptions. |
### Key matters for discussion

<table>
<thead>
<tr>
<th>Other matters discussed with management</th>
<th>Comments</th>
</tr>
</thead>
</table>
| **Employee future benefits** | We have obtained the actuarial report as of December 31, 2015 from the Zoo’s external actuary, Morneau Shepell. Using this report, we tested the accuracy of information provided by management to the actuary to use in their report. We also engaged our internal specialist to review the reasonableness of the assumptions used in calculating the post-retirement benefits liability.  

As a full valuation was performed as of December 31, 2015, we tested the census data management provided to its actuary with no exceptions noted. |

| **Budgeted figures** | Currently, under PSAS for government not-for-profit organizations, presentation of the budgeted figures is not a requirement. This budgeted information has been presented and audited to comply with the City audit team’s reporting requirements. We agreed the budgeted figures per the statement of operations to the City of Toronto’s approved budget for the Board of Management of the Toronto Zoo. No issues were noted. |

| **Other required communications** | |
| **Summary of unadjusted and adjusted items** | As a result of our audit, there were no adjusted or unadjusted misstatements identified. There were certain enhancements suggested to the disclosure notes of the financial statements which were accepted by management. |

| **Internal control recommendations** | We have no significant internal control recommendations to report. |

| **Fraud and illegal acts** | We discuss fraud risk annually with management and the Policy and Finance Committee. Through our planning process (and prior years’ audits), we developed an understanding of your oversight processes and have designed our audit procedures to address these risks.  

No fraud involving senior management, or employees with a significant role in internal control or that would cause a material misstatement of the financial statements and no illegal acts came to our attention as a result of our audit procedures.  

We wish to reconfirm that the Chair, on behalf of the Board and the Policy and Finance Committee, is not aware of any known, suspected or alleged incidents of fraud or illegal acts not previously discussed with us. |

<p>| <strong>Management’s representations</strong> | Under Canadian GAAS, we are required to inform you of the representations we are requesting from management. A copy of the management representation letter is included in Appendix B. |</p>

Appendix A: Draft auditor’s report
Independent Auditor’s Report

To the Directors of
Board of Management of the Toronto Zoo

We have audited the accompanying financial statements of Board of Management of the Toronto Zoo, which comprise the statement of financial position as at December 31, 2015 and the statements of operations, changes in net assets, remeasurement gains and losses and cash flows for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management’s responsibility for the financial statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion
In our opinion, the financial statements present fairly, in all material respects, the financial position of Board of Management of the Toronto Zoo as at December 31, 2015 and the results of its operations, its remeasurement gains and losses, changes in its net assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Chartered Professional Accountants, Licensed Public Accountants
Appendix B: Draft management representation letter
June @@, 2016

Ms. Terri McKinnon  
PricewaterhouseCoopers LLP  
PwC Tower  
18 York Street, Suite 2600  
Toronto ON M5J 0B2

Dear Ms. McKinnon:

We are providing this letter in connection with your audit of the financial statements of Board of Management of the Toronto Zoo – (the Zoo) as at December 31, 2015 and for the year then ended for the purpose of expressing an opinion as to whether such financial statements present fairly, in all material respects, the financial position, results of operations, remeasurement gains and losses and cash flows of the Zoo in accordance with Canadian public sector accounting standards including standards that apply only to government non-for-profit organizations.

Management's responsibilities
We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated November 30, 2015. In particular, we confirm to you that:

• we are responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards;
• we are responsible for designing, implementing and maintaining an effective system of internal control over financial reporting to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. In this regard, we are responsible for establishing policies and procedures that ensure financial statements are prepared in accordance with Canadian public sector accounting standards including standards that apply only to government not-for-profit organizations;
• we have provided you with all relevant information and access, as agreed in the terms of the audit engagement; and
• all transactions have been recorded in the accounting records and are reflected in the financial statements.

We confirm the following representations:

Preparation of financial statements
The financial statements include all disclosures necessary for fair presentation in accordance with Canadian public sector accounting standards including standards that apply only to government not-for-profit organizations and disclosures otherwise required to be included therein by the laws and regulations to which the Zoo is subject.
We have appropriately reconciled our books and records (e.g. general ledger accounts) underlying the financial statements to their related supporting information (e.g. sub ledger or third party data). All related reconciling items considered to be material were identified and included on the reconciliations and were appropriately adjusted in the financial statements. There were no material unreconciled differences or material general ledger suspense account items that should have been adjusted or reclassified to another account balance. There were no material general ledger suspense account items written off to a balance sheet account, which should have been written off to a profit and loss account and vice versa. All intergovernmental unit accounts have been eliminated or appropriately measured and considered for disclosure in the financial statements.

We confirm that revenue received in cash is immaterial and completeness of revenue is not a significant risk.

**Accounting policies**
We confirm that we have reviewed the Zoo’s accounting policies and, having regard to the possible alternative policies, our selection and application of accounting policies and estimation techniques used for the preparation and presentation of the financial statements is appropriate in the Zoo’s particular circumstances to present fairly in all material respects its financial position, results of operations, remeasurement gains and losses and cash flows in accordance with Canadian public sector accounting standards including standards that apply only to government not-for profit organizations.

We are eligible to and have selected to apply the standards for government not-for-profit organizations in CPA Canada Public Sector Accounting Handbook Sections PS 4200 to PS 4270.

**Internal controls over financial reporting**
We have designed disclosure controls and procedures to ensure material information relating to the Zoo is made known to us by others.

We have designed internal control over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with Canadian public sector accounting standards including standards that apply only to government not-for profit organizations.

We have disclosed to you all deficiencies in the design or operation of disclosure controls and procedures and internal control over financial reporting that we are aware.

**Minutes**
All matters requiring disclosure to or approval of the Board of Management and Policy and Finance Committee have been brought before them at appropriate meetings and are reflected in the minutes.

**Completeness of transactions**
All contractual arrangements entered into by the Zoo with third parties have been properly reflected in the accounting records or/and, where material (or potentially material) to the financial statements, have been disclosed to you. We have complied with all aspects of contractual agreements that could have a material effect on the financial statements in the event of non-compliance. There are no side agreements or other arrangements (either written or oral) undisclosed to you.
Fraud
We have disclosed to you:
- the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud;
- all information in relation to fraud or suspected fraud of which we are aware affecting the Zoo involving management, employees who have significant roles in internal control or others where the fraud could have a material effect on the financial statements; and
- all information in relation to any allegations of fraud, or suspected fraud, affecting the Zoo’s financial statements, communicated by employees, former employees, analysts, regulators or others.

Disclosure of information
We have provided you with:
- access to all information of which we are aware that is relevant to the preparation of the financial statements, such as records, documentation and other matters including:
  - contracts and related data;
  - information regarding significant transactions and arrangements that are outside the normal course of business;
  - minutes of the meetings of shareholders, management, directors and committees of directors.
    The most recent meetings held were on December 8, 2015 for Board of Management and August 20, 2015 for the Policy and Finance Committee;
- additional information that you have requested from us for the purpose of the audit; and
- unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.

We have no knowledge of any allegations of fraud or suspected fraud affecting the Zoo received in communications from employees, former employees, analysts, regulators, short sellers, or others.

Compliance with laws and regulations
We have disclosed to you all aspects of laws, regulations and contractual agreements that may affect the financial statements, including actual or suspected non-compliance with laws and regulations whose effects should be considered when preparing financial statements.

We are not aware of any illegal or possibly illegal acts committed by the Zoo’s directors, officers or employees acting on the Zoo’s behalf.

There have been no communications from regulatory agencies concerning non-compliance with or deficiencies in financial reporting practices.

Accounting estimates and fair value measurements
Significant assumptions used by the Zoo in making accounting estimates, including fair value accounting estimates, are reasonable.

For recorded or disclosed amounts in the financial statements that incorporate fair value measurements, we confirm that:
- the measurement methods are appropriate and consistently applied;
- the significant assumptions used in determining fair value measurements represent our best estimates, are reasonable and have been consistently applied;
- no subsequent event requires adjustment to the accounting estimates and disclosures included in the financial statements; and
• the significant assumptions used in determining fair value measurements are consistent with the Zoo’s planned courses of action. We have no plans or intentions that have not been disclosed to you, which may materially affect the recorded or disclosed fair values of assets or liabilities.

Significant estimates and measurement uncertainties known to management that are required to be disclosed in accordance with CPA Canada Public Sector Accounting Handbook Section PS 2130, Measurement Uncertainty, have been appropriately disclosed.

**Related parties**
We confirm that we have disclosed to you the identity of the Zoo’s related parties as defined by CPA Canada Public Sector Accounting Handbook Section PS 4260, Disclosure of Related Party Transactions by Not-for-Profit Organizations, and all the related party relationships and transactions.

The identity of, relationship, balances and transactions with related parties have been properly recorded under Public Sector Accounting Standards and adequately disclosed in the financial statements, as required by CPA Canada Public Sector Accounting Handbook Section PS 4260.

The list of related parties attached to this letter as Appendix A accurately and completely describes our related parties and the relationships with such parties.

**Going concern**
We have no plans or intentions that may materially alter the carrying value or classification of assets and liabilities reflected in the financial statements (e.g. to dispose of the business or to cease operations).

The financial statements disclose all of the matters of which we are aware that are relevant to the Zoo’s ability to continue as a going concern, including all significant conditions and events, mitigating factors and the Zoo’s plans. The Zoo also has the intent and ability to take actions necessary to continue as a going concern. We have made available to you all relevant information on the Zoo’s ability to continue as a going concern that could affect the financial statements, including the recoverability or classification of recorded assets or the amounts and classification of liabilities. Accordingly, the Zoo’s financial statements are appropriately prepared on a going concern basis.

**Assets and liabilities**
We have satisfactory title or control over all assets.

We have recorded or disclosed, as appropriate, all liabilities, in accordance with Canadian public sector accounting standards including standards that apply only to government not-for profit organizations. All liabilities and contingencies, including those associated with guarantees, whether written or oral, under which the Zoo is contingently liable in accordance with the CPA Canada Public Sector Accounting Handbook Section PS 3300, Contingent Liabilities, have been disclosed to you and are appropriately reflected in the financial statements.

**Litigation and claims**
All known actual or possible litigation and claims, which existed at the balance sheet date or exist now, have been disclosed to you and accounted for and disclosed in accordance with Canadian public sector accounting standards including standards that apply only to government not-for profit organizations, whether or not they have been discussed with legal counsel.
Misstatements detected during the audit
Certain representations in this letter are described as being limited to those matters that are material. Items are also considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement.

We confirm that the financial statements are free of material misstatements, including omissions.

We confirm that we are not aware of any uncorrected misstatements. There are no adjusted misstatements identified during your audit.

Communications with the Auditor General
We confirm that there were no discussions with the Auditor General in the current year nor are there any open items from past audits.

Cash and banks
The books and records properly reflect and record all transactions affecting cash funds, bank accounts and bank indebtedness of the Zoo.

All cash balances are under the control of the Zoo, free from assignment or other charges, and unrestricted as to use, except as disclosed to you.

The amount shown for cash on hand or in bank accounts excludes trust or other amounts, which are not the property of the Zoo.

Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances, line of credit, or similar arrangements have been properly disclosed.

All cash and bank accounts and all other properties and assets of the Zoo are included in the financial statements as at balance sheet date.

Accounts receivable
All amounts receivable by the Zoo were recorded in the books and records.

All contributions receivable that are recorded in the balance sheet are reasonably assured of collection and we have made you aware of all relevant facts and circumstances in making this determination. Recognized contributions receivable do not include any bequests.

Receivables, (other than contributions receivable accounted for in accordance with the CPA Canada Public Sector Accounting Handbook Section PS 4220, Contributions Receivable), recorded in the financial statements, represent bona fide claims against debtors for sales or other charges arising on or before the balance sheet date and are not subject to discount except for normal cash discounts.

Amounts receivable amounted to $5,573,289 and are considered to be fully collectible.
All receivables were free from hypothecation or assignment as security for advances to the Zoo, except as hereunder stated.

The Zoo has accounted for and disclosed transfers of receivables (including securitizations) that have occurred during the year.

**Credit risk**
Significant concentrations of credit relating to each class of financial asset, both recognized and unrecognized, has been properly disclosed in the financial statements.

**Harmonized Sales Tax (HST) – Input Tax Credits**
The Zoo is subject to HST and has appropriately computed the input tax credits (ITC) receivable on the payment of HST on purchases throughout the year. The methodology used to compute tax credits and the related receivable in the financial statements is complete and accurate.

**Inventory**
Inventories classified as held for resale and held for consumption in the financial statements are stated at the lower of cost or net realizable value, cost being determined on the basis of, with due provision recorded to reduce all damaged, wholly or partially obsolete, or unusable inventories to their estimated selling price less estimated cost to sell. Inventory quantities at the balance sheet dates were determined from physical counts or from the Zoo’s perpetual inventory records, which have been adjusted on the basis of physical inventories taken by competent employees at year-end. Liabilities for amounts unpaid are recorded for all items included in inventories at balance sheet dates, and all quantities billed to customers at those dates are excluded from the inventory balances.

Provision has been made to reduce excess or obsolete inventories to their estimated net realizable value.

The Zoo has chosen to recognize inventories and other contributions of materials and services. All recognized contributed materials and services have been recorded at fair value when the fair value can be reasonably estimated and they are used in the normal course of the organization’s operations and would otherwise have been purchased. The amounts recorded as fair value represent management’s best estimates of these amounts.

There have been no events conditions or changes in circumstances that indicate inventory held for consumption will no longer be used or consumed in too Zoo’s operations.

**Capital assets**
All charges to capital asset accounts represented the actual cost of additions or the fair value at the date of contribution.

All contributed tangible capital assets have been recorded at fair value at the date of the contribution.

No significant capital asset additions were charged to repairs and maintenance or other expense accounts.

Book values of capital assets sold, destroyed, abandoned or otherwise disposed of have been eliminated from the accounts.
Capital assets owned by the Zoo are being depreciated on a systematic basis over their estimated useful lives, and the provision for depreciation was calculated on a basis consistent with that of the previous date. During the year, we reviewed the appropriateness of the depreciation policy and estimate of useful lives for tangible capital assets, taking into account all pertinent factors. Any changes in our assessment from the prior year have been adequately disclosed and reflected in the financial statements.

There have been no events, conditions or changes in circumstances that indicate that a capital asset no longer contributes to the Zoo’s ability to provide goods and services. We believe that the carrying amount of the Zoo’s long-lived capital assets is fully recoverable in accordance with CPA Canada Public Sector Accounting Handbook Section PS 4230, Capital Assets Held by Not-for-Profit Organizations.

Contributions
We have recorded all contributions received during the period in the financial statements. We confirm that contributions received in the year have been recognized as revenue only when the contribution was unrestricted or the externally imposed restrictions have been met in the period. We have disclosed to you the existence and nature of all external restrictions on material contributions received in the period.

All contributions receivable, including government funding receivables, that are recorded in the statement of financial position are reasonably assured of collection and we have made you aware of all relevant facts and circumstances in making this determination. Recognized contributions receivable do not include any bequests.

Deferred revenue
All material amounts of deferred revenue meet the definition of a liability and were appropriately recorded in the books and records.

Retirement benefits, post-employment benefits, compensated absences and termination benefits
All arrangements to provide retirement benefits, post-employment benefits, compensated absences and termination benefits have been identified to you and have been included in the actuarial valuation as required.

The details of all pension plan amendments since December 31, 2015, the date of the last actuarial valuation, have been identified to you.

The actuarial valuation dated December 31, 2015 incorporates management’s best estimates, detailed as follows:
- The actuarial assumptions and methods used to measure liabilities and costs for financial accounting purposes for pension and other post-retirement benefits are appropriate in the circumstances.
- The Zoo plans to continue to make frequent amendments to the pension or other post-retirement benefit plans, which may affect the amortization period of prior service cost.
- All changes to the plan and the employee group and the plan’s performance since the last actuarial valuation have been reviewed and considered in determining the plan expense and the estimated actuarial present value of accrued pension benefits and value of plan assets.
- The Zoo’s actuaries have been provided with all information required to complete their valuation as at December 31, 2015.
We confirm that the extrapolations are accurate and include the proper reflection of the effects of changes and events occurring subsequent to the most recent valuation that had a material effect on the extrapolations.

The employee future benefit costs, assets and obligations have been determined, accounted for and disclosed in accordance with CPA Canada Public Sector Accounting Handbook Section PS 3250, *Retirement Benefits* and CPA Canada Public Sector Accounting Handbook Section PS 3255, *Post-employment Benefits, Compensated Absences and Termination Benefits*. In particular:

- The significant accounting policies that the Zoo has adopted in applying CPA Canada Public Sector Accounting Handbook Section PS 3250 and CPA Canada Public Sector Accounting Handbook Section PS 3255 are accurately and completely disclosed in the notes to the financial statements. Each of the best estimate assumptions used reflects management’s judgment of the most likely outcomes of future events.
- The best estimate assumptions used are, as a whole, internally consistent, and consistent with the asset valuation method adopted.
- The discount rate used to determine the accrued benefit obligation was determined by reference to the City of Toronto’s borrowing rate using assumptions that are internally consistent with other actuarial assumptions used in the calculation of the accrued benefit obligation and plan assets.
- The assumptions included in the actuarial valuation are those that management instructed Buck Consulting to use in computing amounts to be used by management in determining pension costs and obligations and in making required disclosures in the above-named financial statements, in accordance with CPA Canada Public Sector Accounting Handbook Section PS 3250.

In arriving at these assumptions, management has obtained the advice of Morneau Shepell, but has retained the final responsibility for the assumptions.

The source data and plan provisions provided to the actuary for preparation of the actuarial valuation are accurate and complete.

The percentage of the fair value of total plan assets represented by each major category held at the measurement date is not disclosed because it is not expected to be useful in understanding the risks and expected long-term rate of return for the plan assets.

All changes to plan provisions or events occurring subsequent to the date of the actuarial valuation and up to the date of this letter have been considered in the determination of pension costs and obligations and as such have been communicated to you as well as to the actuary.

**Funds of the Zoo held at the City of Toronto**
The Zoo has various funds, as disclosed in the financial statements, with the City of Toronto. We confirm that the transactions and balances disclosed are complete and accurate and all amounts have been agreed to and confirmed with the City of Toronto.

**Financial Instruments**
The Zoo has decided to apply PS 3450 for financial instruments. All financial instruments have been appropriately recognized under PS 3450 and all disclosures made are appropriate.
**Statements of operations, changes in net assets and remeasurement gains and losses**

All transactions entered into by the Zoo have been recorded in the books and records presented to you.

All amounts have been appropriately classified within the statements of operations and changes in net assets and remeasurement gains and losses.

Any changes to internal fund restrictions that are reflected in the financial statements, but not yet approved by the Board of Directors will be approved prior to the Board of Directors approving the financial statements.

The accounting principles and policies followed throughout the year were consistent with prior year’s practices (except as disclosed in the financial statements).

**Events after balance sheet date**

We have identified all events that occurred between the statement of financial position date and the date of this letter that may require adjustment of, or disclosure in, the financial statements, and have effected such adjustment or disclosure.

Yours truly,

Board of Management of the Toronto Zoo
