We have audited the accompanying financial statements of Midtown Yonge Business Improvement Area, which comprise the statement of financial position as at December 31, 2015 and the statements of revenues and expenditures, changes in net assets and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

1.

The Midtown Yonge Business Improvement Area (BIA) is established as a Business Improvement Area under the management and control of a board of Management appointed by Council of the City of Toronto.

The Board is entrusted with the improvements, beautification and maintenance of the municipally owned lands, buildings and structures in the area, together with the promotion of the area as a business or shopping area. Funding is provided by property owners of the BIA who are levied a special charge based on an annual operating budget prepared by the Board and approved by Council under Section 220(17) of the municipal act, as amended.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of presentation

These financial statements are the representation of management and have been prepared in accordance with generally accepted accounting principals for local governments as prescribed by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants (CICA), the most significant of which are as follows:

Measurement uncertainty

Certain amounts in the financial statements are subject to measurement uncertainty and are based on the organization's best information and judgment. Actual results could differ from these estimates.

Examples of significant estimates include:

- providing for amortization of property, plant and equipment and goodwill;
- the estimated useful lives of assets;
- the recoverability of tangible assets;

Revenue recognition

Midtown Yonge Business Improvement Area recognizes revenue on an accrual basis from the following sources.

City of Toronto Special Charges.

These charges are levied to business properties within the BIA on a calendar year basis through the property tax system. The city remits the collected funds to the BIA as well as administering the collection of any unpaid levies. The BIA accounts for the total amount of the levy determined by the City. A general allowance for appeals and reassessments is booked as a provision against the total levies, and any uncollectable levies, as determined by the City of Toronto, are written off to bad debts in the year the City identifies them as uncollectable.

City of Toronto Section 37 Funds.

When an area is identified as requiring assistance over and above the special levy the City provisions funds to meet an identified need. During the year the BIA received such funds to acquire banners and street signage.
