## **Service Challenges & Opportunities**

### Challenges

- Outdated Website Platform The Board's website is built on a platform that is 8 years old and does not support the features necessary for timely information-sharing and communication
- ✓ **Data Collection for Community Contacts Policy** The Board adopted a policy governing police community contacts which ensures that there is a proactive rights-based approach to the way in which members of the TPS interact with members of the public. However, there is uncertainty around what information should be collected during TPS's interactions with members of the public.
