

Huron Sussex Residents Organization

To the Members of Toronto City Council:

The Huron Sussex Residents Organization supports the exclusion of residents' associations from any lobbyist legislation under consideration in item 2016.EX13.2.

The HSRO joins other RO's in requesting that Council not pursue any new initiatives that might treat community groups and non-profit organizations as lobbyists.

Finally, we second the suggestion from the ARA that the City of Toronto adopt regulations, identifying lobbyists who must register with the Lobbyist Registrar, that are consistent with the "Lobbying Act" of Canada and the Ontario "Lobbyists Registration Act".

Sincerely,

Andy Vice
