Re: City Council agenda item NY14.9 11 Brooke Tree

The South Armour Heights Resident's Association (Yonge Blvd over to Avenue/Wilson down to Brooke) supports the request submitted by the Lytton Park Residents' Organization that you reconsider your May 10th vote at North York Community Council to remove the large healthy tree at 11 Brooke when it comes before Toronto City Council on June 7th.

We believe the report submitted by Urban Forestry, Parks and Recreation properly outlines the reasons for which City Council should deny this application.

We would ask that our letter be placed on public record.
