Zoning By-law Amendment / Site Plan Control  
Application Nos: 15-244771 STE 27 OZ; 16-127424 STE 27 SA**

Dear Councillor Wong-Tam and Ms. Gerrard:

We are writing with respect to the above-noted rezoning application, and more specifically in response to June 14<sup>th</sup> Toronto and East York Community Council meeting where the application was heard (item no. 2016.TE17.12), and the motion added by Councillor Wong-Tam with respect to heritage interpretation (amending Recommendation 7 from the Staff Report).

Further to our previous commitment of June 9, 2016 to the Chief Planner and Executive Director, City Planning and the Senior Manager, Heritage Preservation Services, please accept this letter as our commitment that Infrastructure Ontario (IO) will lead and assume full responsibility for the heritage interpretation requirements as outlined in the Site Plan Pre-approval conditions included in the May 20, 2016 letter, and maintain all responsibility for the development and implementation of the Final Heritage Interpretation Plan, including project management and planning, curation of artifacts and associated materials and long-term maintenance. As appropriate, in carrying out the above-noted responsibilities, IO has utilized and will continue to utilize the services of external vendors / subject matter experts; however, all such services will be under direct IO oversight.

We trust this letter satisfies the above-noted Recommendation / Condition. Should you have any questions or concerns please contact me at (416) 326-9823 or [geoff.woods@infrastructureontario.ca](mailto:geoff.woods@infrastructureontario.ca)

Yours truly,

Geoff Woods, MCIP, RPP
