

EX16.1.117

July 11, 2016

Dear Mayor and Council Colleagues,

It is with great regret that I am unable to attend the July session of City Council due to my on-going medical treatment. Therefore, I wanted to write this letter to express my position relating to item EX16.1 Scarborough Subway.

Scarborough has been neglected in relation to rapid transit infrastructure and our residents have been waiting for decades to be seamlessly connected with the rest of the City.

An extension of the existing Bloor-Danforth line to the Scarborough Town Centre will provide a seamless, fast and efficient service to our residents.

When considering transit options we must also look to the future. With the population in the GTA expected to grow by one million people per decade, a subway will better accommodate future growth and act as hub for future transit expansion.

Scarborough is a significant part of our great City and as decision makers, it is imperative we have a greater long-term vision, one that will attract investment and provide our residents with a better standard of service.

Thank you for your consideration and I look forward to joining you at the next City Council in October.

Sincerely,

*Ron Moeser*
