Dear Mayor Tory:

Re: Smart Track

On behalf of LiUNA, the Labourers' International Union of North America, and our 90,000 members across Ontario, I write to you today with regards to Smart Track.

LiUNA is pleased that after extensive negotiations between the City and the Province an agreement has been reached that will create \$7 Billion in new transit lines across Toronto. Finally we are moving in a positive direction and delivering the transit systems that are needed by the citizens to them.

This is a win-win-win situation for all. Jobs will be created, transit will be improved, citizens needs' will be met and most importantly we are kick-starting the movement towards SmartTrack.

SmartTrack will unite city quadrants that have never been linked before.

LiUNA is also pleased that this agreement moves forward the Eglinton West LRT, providing local rapid transit in the west end resulting in improved access not only to Pearson International, but to important areas of employment.

When opportunities such as these present themselves, it is imperative that we seize them without fear or trepidation. Toronto is a world-class city and steps such as the advancement of SmartTrack will greatly benefit not only the citizens of the GTA but the hundreds of thousands of visitors that we attract yearly.
