

Transit Network Plan Update & Financial Strategy

Date: October 12, 2016
To: Executive Committee
From: City Manager
Wards: All

SUMMARY

This placeholder report is to advise that the City Manager will be providing a report to Executive Committee with recommendations on the Transit Network Plan, including information on cost-sharing discussions with the Province of Ontario on a range of transit projects, as directed by City Council in July 2016 (EX16.1). This report will also include an update on the planning and technical analysis for SmartTrack, Relief Line, and Scarborough Transit. Additional time is required to ensure proper consultation and coordination with relevant stakeholders including the Toronto Transit Commission, Province of Ontario and Metrolinx.
