Petition for a 30 km/hr Speed Limit on Ward 13 Residential Streets

Whereas:
• There has been a dramatic increase in requests, throughout the city, for lowered speed limits on residential streets; and
• A speed limit reduction no longer requires the installation of traffic calming measures; and
• The Toronto East York Community Council, just east of our ward's Keele Street boundary, voted to make all residential streets 30 km/h; and
• The change would not apply to major and arterial roads in the ward; therefore

We, the undersigned residents of Ward 13 call upon the Etobicoke York Community Council to create a consistency throughout our ward, create a natural flow from the downtown core, and improve the safety of our streets by implementing a change of the speed limit to 30 km/h on residential streets in Ward 13.
