Re: Proposed Changes to Toronto Noise Bylaw, Chapter 591: LS13.1b

Date: September 19, 2016

Dear Councillors:

York Quay Neighbourhood Association (YQNA) is a residents' association which covers Toronto's Central Waterfront from Yonge Street east to Rees Street and from the railway lines south to the water. Due to its location on the water and as a central hub of Toronto's tourism industry, it has a special interest in noise issues.

The Municipal Licensing and Standards Committee will, on September 21, be considering a report from Tracey Cook recommending that the working group examining the Noise Bylaw revisions continue to study this report into 2017 and then report back to the Toronto Licensing and Standards Committee after the report by the Toronto Public Health has been received.

YQNA supports these recommendations.

Thank you for this consideration.

Yours truly,

L. F. Cooper,
co-Chair YQNA

C.C.

Jessica Walters (MLS), Intiaz Ruffudeen (MLS)

Tom Davidson, Brent Gillard, Ulla Colgrass, Liz Sauter

E. J. B. Hore, co-chair YQNA
