

City Council**Notice of Motion**

MM20.4	ACTION			Ward:28
--------	--------	--	--	---------

Traffic Control Signals - Dundas Street East and Regent Park Boulevard - by Councillor Pam McConnell, seconded by Councillor Kristyn Wong-Tam

** Notice of this Motion has been given.*

** This Motion is subject to referral to the Toronto and East York Community Council. A two-thirds vote is required to waive referral.*

Recommendations

Councillor Pam McConnell, seconded by Councillor Kristyn Wong-Tam, recommends that:

1. City Council rescind approval for the installation of a pedestrian crossover on Dundas Street East at Regent Park Boulevard.
2. City Council authorize the installation of traffic control signals at the intersection of Dundas Street East and Regent Park Boulevard.

Summary

City Council, at its meeting on July 7, 8 and 9, 2015, adopted Item TE7.89 entitled "Pedestrian Crossover - Dundas Street East at Regent Park Boulevard", and in doing so, approved the installation of a pedestrian crossover on Dundas Street East at Regent Park Boulevard.

As the City of Toronto has a general policy to not install pedestrian crossovers on arterial roadways due to potential pedestrian safety concerns, it is recommended that traffic control signals be installed in place of the approved pedestrian crossover.

This Motion has been prepared with the assistance of the General Manager, Transportation Services.
